

Obion County, Tennessee CN Railroad

The community/industrial park is fully served by the Canadian National (CN) Railroad, the only rail carrier in North America that provides quality coast-to-coast service (both east/west and north/south) with connection to all Class I Railroads. The industrial park is fully served by CN with a 3,000' spurline traversing the western boundary. Three additional 2,500' ladder tracks are available for railcar storage.

- CN is the only east-west, north-south coast-to-coast carrier
- Connections to all Class I railroads
- Industrial park served with 3,000' spur
- 3 additional 2,500' ladder tracks for railcar storage
