

December 10, 2021

To our Tennessee Friends,

Since 1997, The Jason Foundation has been working in Tennessee to raise awareness and educate our citizens on suicide prevention. Today, suicide is a leading cause of death in the state of Tennessee, but it is also a leading cause of preventable death. We would like your help in furthering awareness and education to those you and/or your business come in contact with.

#TNWontBeSilent is our campaign to reach Tennesseans with the positive message that suicide is preventable and enable those citizens to reach out for help for their loved ones, friends or even themselves. The website we have created for this campaign, TnWontBeSilent.com is designed to educate our citizens on warning signs as well as lifesaving resources that are available to them in our great state. Within the website, there is a "Partners" tab. There you will find organizations from across Tennessee who have partnered with us in this campaign and committed to raising awareness for suicide prevention within their organization and community.

Today, I am asking you to join us in this mission and become a partner in the #TNWontBeSilent campaign. This will not cost you anything! We are not asking for donations or financial assistance with the campaign, we are simply asking you help us take a stand against this silent epidemic.

As a #TNWontBeSilent partner, your company logo will be displayed on the Tennessee Won't Be Silent website, and we can provide you with informational flyers, rack cards, Tennessee Statewide Crisis Line cards and downloadable materials you can share with employees, customers, or just have available for passersby to pick up.

If you are interested in becoming a partner in the #TNWontBeSilent campaign, please contact me at the email or phone number below. I look forward to hearing from you and working with you to make a difference in the lives of those in your community.

Thank you,

Cory Watkins
